

SABR Soccer After School Frequently Asked Questions

First Come, First Served.

All online registrations are date and time stamped.

We strongly encourage parents to register the earlier, the better. There may not be a roster spot available for the last children who register.

SABR Soccer After School training groups are a minimum of 6 and a maximum of 8 players. Once 8 children are registered, that group goes to Wait List status to accept additional registrations. Credit cards are required but not charged to Wait List registrations.

Registration FAQ's

Q: What is SABR Soccer After School training?

A: SABR After School training is the universally recognized best method for teaching players the soccer skills they need to play to the best of their ability. Six to eight players receive individual technical instruction and put them into practice in groups of 2 – 4 to learn by playing. This method is used by youth clubs, the youth programs of professional teams, and professional teams use this method in their own training sessions.

Will my child get to train if (s)he is on the Wait List?

A. Maybe. Please register your child to the Wait List for the group. Our commitment is to only have sessions led by highly qualified, experienced, and nationally licensed coaches.

SABR After School has Head Coaches for all the sessions. Your Wait List registration will guide us when to seek and expand our staff of Head Coaches. If and when we have the qualified Head Coach, we will offer another session for the Wait List players in that Gender/Age Group; it may not be the same time or days.

When does Registration open for August?

A. Registration will open in July. We will email parents before the registration opens, so they are ready. We will also email parents the day registration opens with the registration link.

Q: Who can train in SABR Soccer After School?

A: All participants must be born January 1, 2004 – December 31, 2018.

A: Participation in SABR After School is non-refundable.

Q: Is my child covered by SABR's supplemental liability insurance?

All coaches, managers, and administrators are covered by supplemental liability insurance. These excess type policies become effective only after all private insurance limits have been reached and currently have a \$350.00 deductible. Any problems you may encounter during registration may not be answered before a group is filled.

Please read everything on your screen as you register. There are details along the way.

Error messages do not mean that the system is not functioning as planned.

Logging on with User Names and Passwords that are not identical to what's in the system will cause an Error Message to display. We cannot locate the correct User Name and Password for you nor are we able to try to resolve the issue in a timely fashion.

Another common error is to register when the group is filled. Step 3 of the Registration process will display a Note that the group is filled. That Note is the only "warning" you will see. If you continue to register, you will be placed on the Wait List. You will not be able to register your child for any other day or time. You will need to quit that registration and log on again to try to register for a different day or time.
